PROFILE

Product leader with a strong background in full-stack SaaS development and cross-functional product ownership. Proven ability to drive automation and efficiency across complex systems by aligning business goals with technical implementation. Experienced in leading international teams, enabling new markets, and delivering data-driven tools to optimize operations. Skilled at managing stakeholder expectations, prioritizing product backlogs, and delivering scalable B2B and B2C solutions.

WORK EXPERIENCE

CompaxDigital
Lead Product Owner — 2024 - PRESENT

- Leading teams in Austria and Taiwan, aligning product strategy with execution for full-stack solutions.
- Spearheading the integration of core platforms to unify operations, optimizing architecture and data flows.
- Enabled product teams on-site in Taiwan, accelerating onboarding and tool adoption for new markets.

Product Owner — 2023 - 2024

- Managed product backlogs and feature delivery across global teams while refining technical requirements with engineering and stakeholders.
- Contributed to presales by presenting automation-driven solutions and providing high-level estimations to clients.

Software Developer — 2022 - 2023

- Developed backend and frontend CRM modules using Java and PostgreSQL within a microservice architecture.
- Collaborated with product teams to validate feasibility and resolve complex issues.

The Jewish Community of Vienna
Security Officer — 2017 - 2021

Mandatory Military Service — 2013 - 2016
Yahalom (IDF) | Special Forces Operator
